REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Newly renumbered independent claims 1, 13, 14 and 17 among other things teach the limitation of 'a system involving a first and second boards and a first and second searching agents. A user using a first searching agent to search a first advertising board and providing the results to a second agent who searches a second advertising board with information from at least two separate information content suppliers. The second agent then providing the results back to the first board and then to the user' in a computer network environment for coordinating user access to information provided by content service providers.

The prior art does not teach the cited limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
